40T has had a rough life, his mom died on the first of May; she got over on her back at A.I. time and had an unfortunate passing. 40T made it through the summer on his own with no mother milk but made it through looking good. We think he was one of the best Kodiaks. These Lass cows are some of our best ones at the farm.

MJLC OAKLEAF 49N - DAM OF LOT 73

This is the last pen of black bulls and it is a good one. 108T could have started the sale. These Blackman bred cattle really work. Spruceview Blackman 61R got here to late to be used for more than cleaning up a group, so this was his only son selling. We hope there all this good next year. 49N is Jenna's 4-H heifer from Mark Jones. 108T is a big, strong, well balanced bull. Number 1 bull for Rib Eye. 49N has 2 daughters in the herd.

OPEN HEIFERS

We feel we have selected a lot of excellent heifers from some of the top cows in our herd. Many of these heifers go back to many of our ELITE dams which shows the productivity of our females. The only other place we sell females is at the Hayshaker Sale. Take a very close look at these females, there is a lot of quality in the group.
