What a great job Knight Hawk has done. His 1st calf crop has surpassed all expectations proving his worth. A paternal sister to 25P just sold in the Red Round-Up for $7600 to Terry Knodel. 37C has been a stellar producer for Geis Angus, with 1 daughter to Brazil, 12J sold for $5000; and 3 daughters retained for in herd use, one of which is Red Geis Lace 58'02 better known as "Cherry". She is Jenna's show female who started her career as Heifer Calf Champion in Farmfair 2002. As Knight Hawk semen is not on the market, purchasing progeny is a window of opportunity.

Young Dale Gabriel 7L has been a sire of choice since he was the $18,000 purchase by Geis Angus at Masterpiece 2001. His progeny are powerful adding a dimension of performance, volume and simple commercial cowboy acceptance. Geis Edna 135'94 (WI 8/104 and YI 7/105) stems from the Corvallis Dispersal. Both Corvallis Edna 13'84 and O Edna Excess 233 were purchased the later at 13 years of age when bought; both excellent cows. Geis Edna 135'94 has 1 daughter retained, 3 sons at Branden Farms, Reg Yuha and Moltzhan Farms. Now we have the broody Edna 135'04; a must see at Masterpiece'04.
